

PARENT SERVICE ORGANIZATION

The Parent Service Organization (PSO) exists to foster a strong sense of community, support our incredible faculty and staff, and encourage meaningful parent involvement. Through coordinated events, volunteer opportunities, and faculty appreciation efforts, the PSO helps create a warm and welcoming academy environment rooted in the virtues that shape our students' education.

The PSO Leadership Board includes four parent officers—President, Vice President, Treasurer, and Secretary—alongside the Head of School. Together, they oversee all PSO committees, committee chairs, and the broader parent community to ensure a unified and purposeful approach to service and support.

PSO INITIATIVES

All PSO initiatives are funded by the PSO through passive revenue generation.
